**2018 Migration Celebration Nature Photography Contest Signature Page (see next page)**

We are now using USFWS Form 3-2259 Copyright Release Agreement for the contest signature page. The narrow range of uses of entered photos in the contest rules has been inserted into "Grant Restricted Usage Rights." Check the box for "Grant Restricted Usage Rights" and sign and date the form. Photographers are welcome instead to check "Grant Full Copyright Release," but this releases the photos into the public domain. Check only one box.

# Copyright Release Agreement

*Grant Full Copyright Release*

I, the provider, affirm that the artwork, graphic design, photo, audio, video or other product(s) described below, was created by me alone in my private capacity and automatically qualifies for a U.S. copyright - if others were involved in its creation I affirm I have their permission to put into the public domain. I agree to irrevocably dedicate that or those copyrights to the public domain. I also affirm the item(s) described below was not created in my capacity as a Federal Government employee (if applicable).

As a result of being in the public domain, the USFWS, or anyone else, may freely publish, reproduce, use and/or distribute these products in any media without your approval or permission, with no monetary compensation to you and without temporal or geographic restriction. However, if the USFWS uses any of these products, it agrees to credit the provider.

I, the provider, understand that if the foregoing representations concerning copyright ownership is determined to be incorrect or false, resulting in the USFWS or the U.S. Government being sued for copyright infringement, I agree to indemnify the USFWS and/or the U.S. Government for any resulting expenses arising from defending and/or settling such litigation.

*Grant Restricted Usage Rights*

I hereby allow the U.S. Fish and Wildlife Service to use my artwork, graphic design, photo, audio, video or other product in Service publications, productions, displays, the Internet, etc, with the following conditions:
